LETTER FROM THE PRIME MINISTER

Esteemed Amrita Sen Ji,

It is gladdening that you participate in 'Pariksha Pe Charcha'. The contribution of teachers like you towards ensuring the bright future of the country is immense. Teachers help inculcate values among students and society.

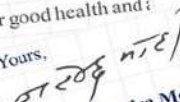

In our culture, Gurus and their guidance are of great importance to attain knowledge. In today's rapidly changing times, the role of teachers is to shape the lives of students and inspire them to move ahead. The special bond that is formed when students meet teachers in the classroom, lasts a lifetime, ensuring their progress.

Teachers play a prominent role in developing every chapter in a simple, easy, creative and friendly manner, resolving doubts along the way, teachers carve out a special place in the life of the student. It is an onerous responsibility upon a teacher to go beyond the syllabus, make the students comfortable, understand their thoughts and guide them on to the right path.

Teachers not only enhance the knowledge levels of students, but also improve themselves through skilling, reskilling and upskilling. During the years of the Amrit Kaal, the role of teachers becomes even more important in enhancing the talents of the nation's youth who are rapidly moving towards building a developed India.

I am confident that you and other teachers will continue to make an invaluable contribution in empowering students to work hard and realise their goals while aiding the nation's progress.

With best wishes for your good health and a bright future.

Yours,

(Narendra Modi)
